

EUROSPINE 2016 Delegates' Survey

powered by **APACE** **AMFORT**

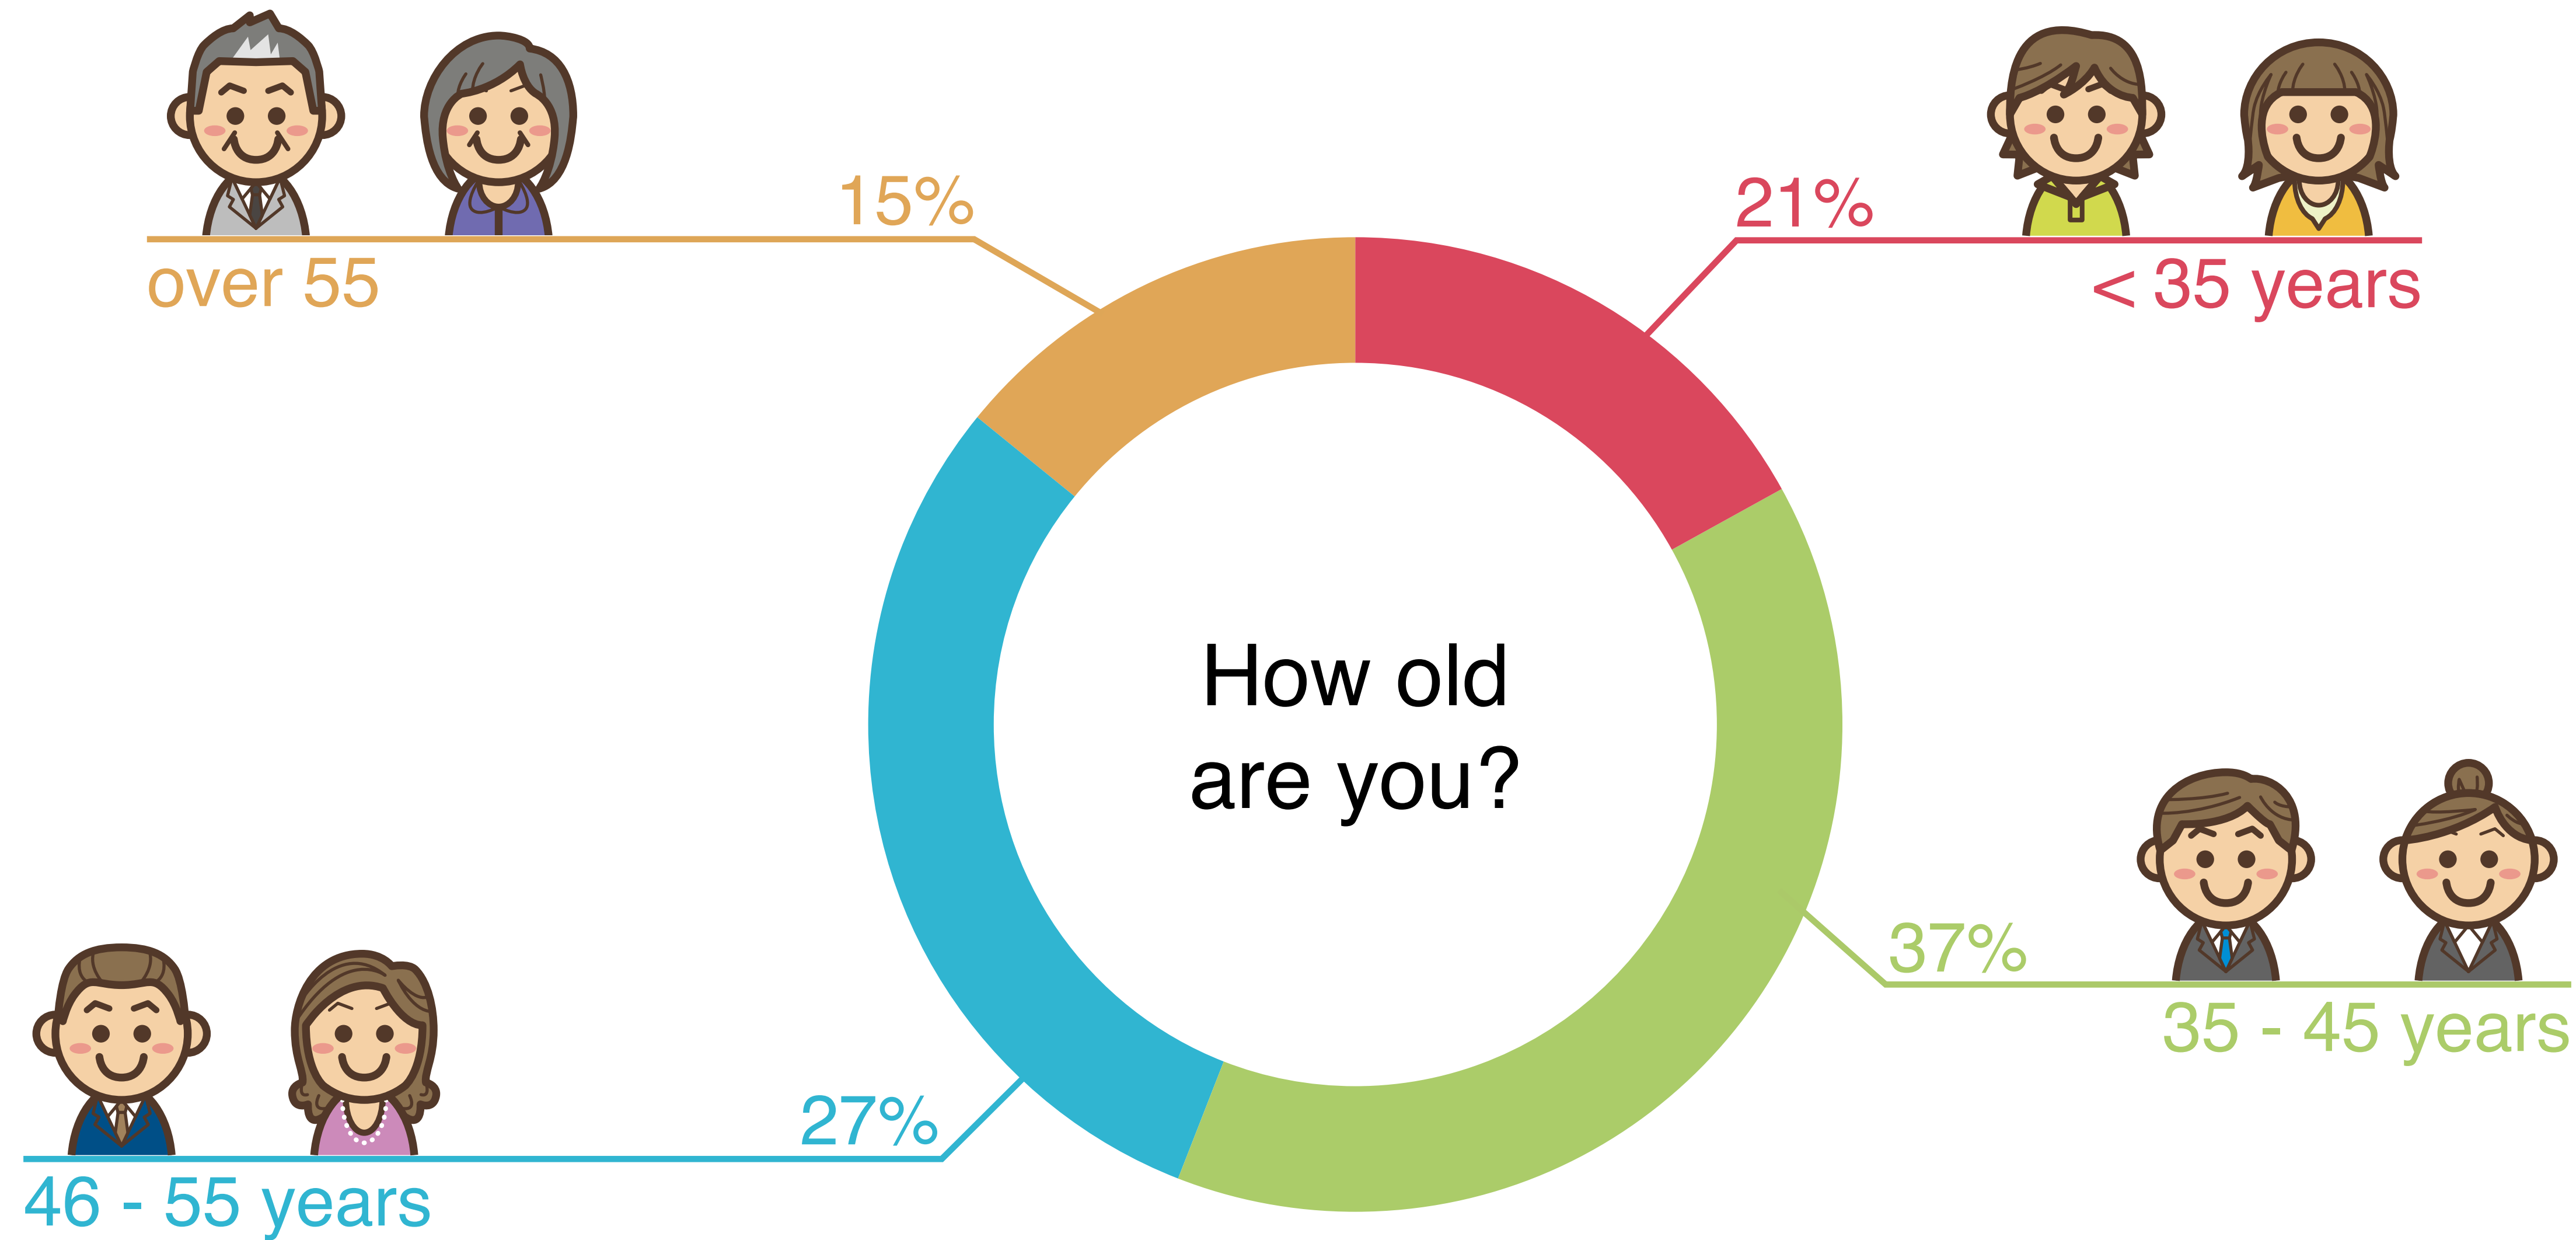

About the Survey

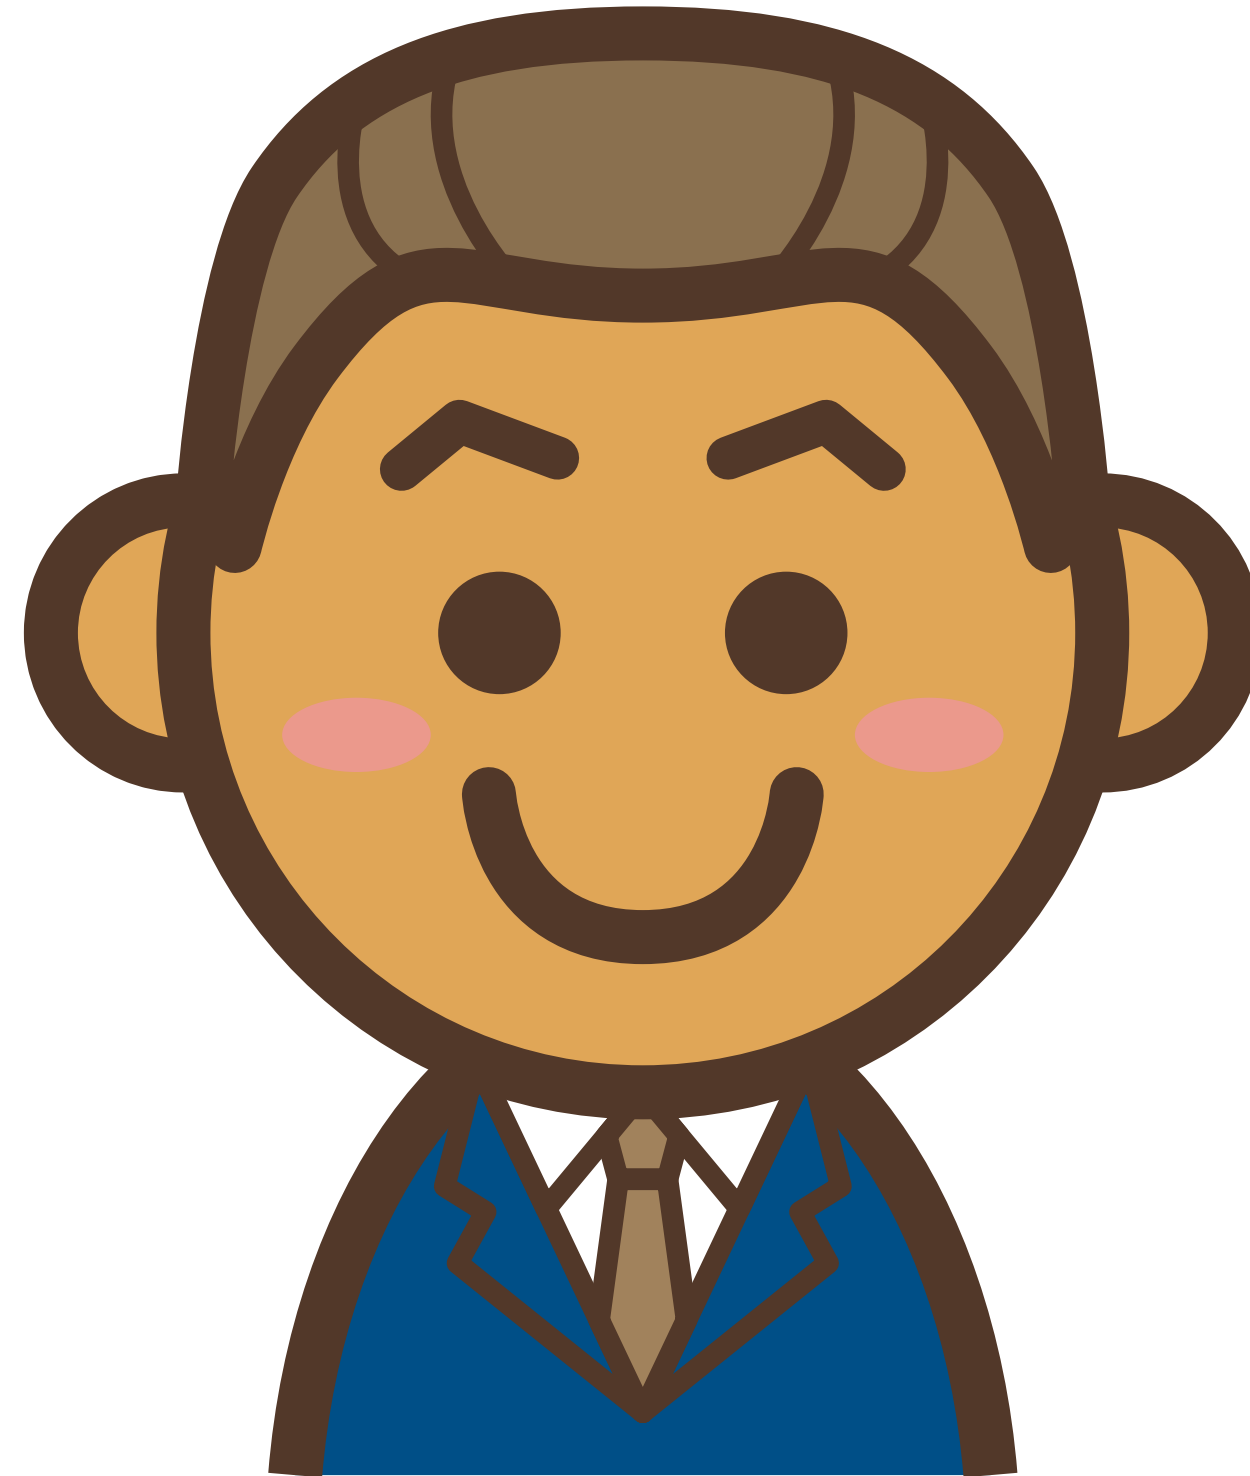

997 complete responses

Online:
7 October – 4 November 2016

(Single choice question)

91%
male

9%
female

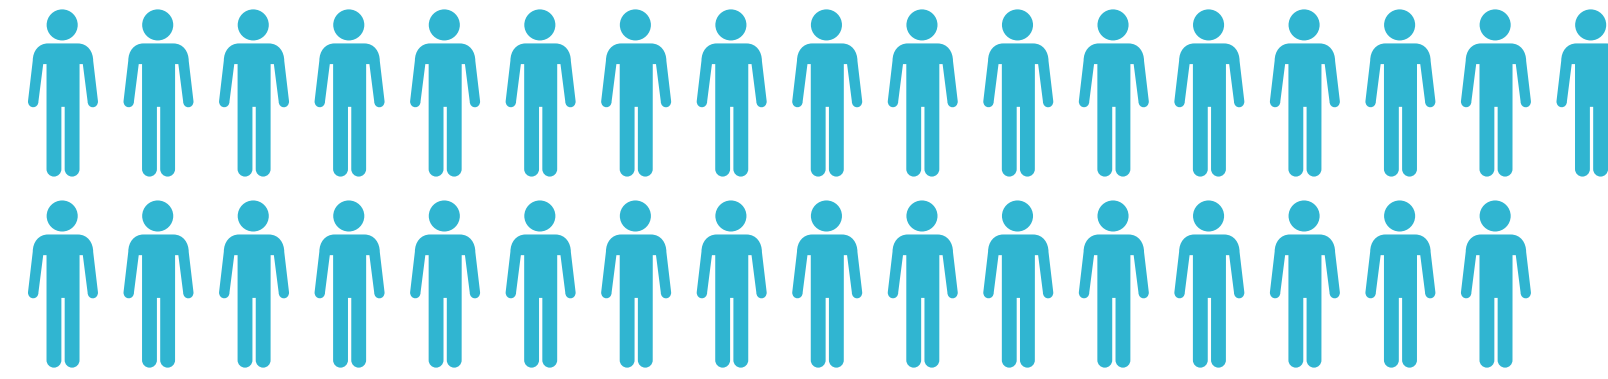

Spinal Surgery

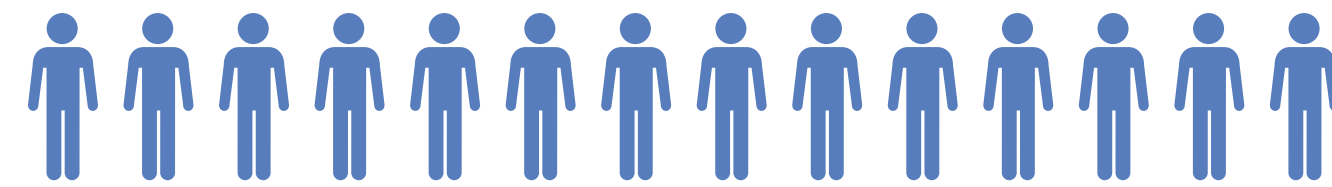

Orthopedic Surgery

Neurosurgery

Trauma Surgery

Research

Others

What are your main fields?

What was the highlight of the conference?

High quality of presentations

2

Structure of the scientific programme

1

Networking opportunities

3

(Multiple choice question)

What were the (three) most important take-home messages for you?

"Cervical spine topics!"

2

"Sagittal Balance!"

1

"Minimal invasive surgery!"

3

Quality Ratings

Presentations

(Rating question)

"Give more time in experts' debates"

"Less parallel sessions"

"Organise cadaver work shop sessions for new spine techniques."

"Demonstrate usefulness of spine registries. Continue running good quality meetings."

"Short presentations were sometimes too short – needed more time. The presented English of some speakers was not sufficient enough."

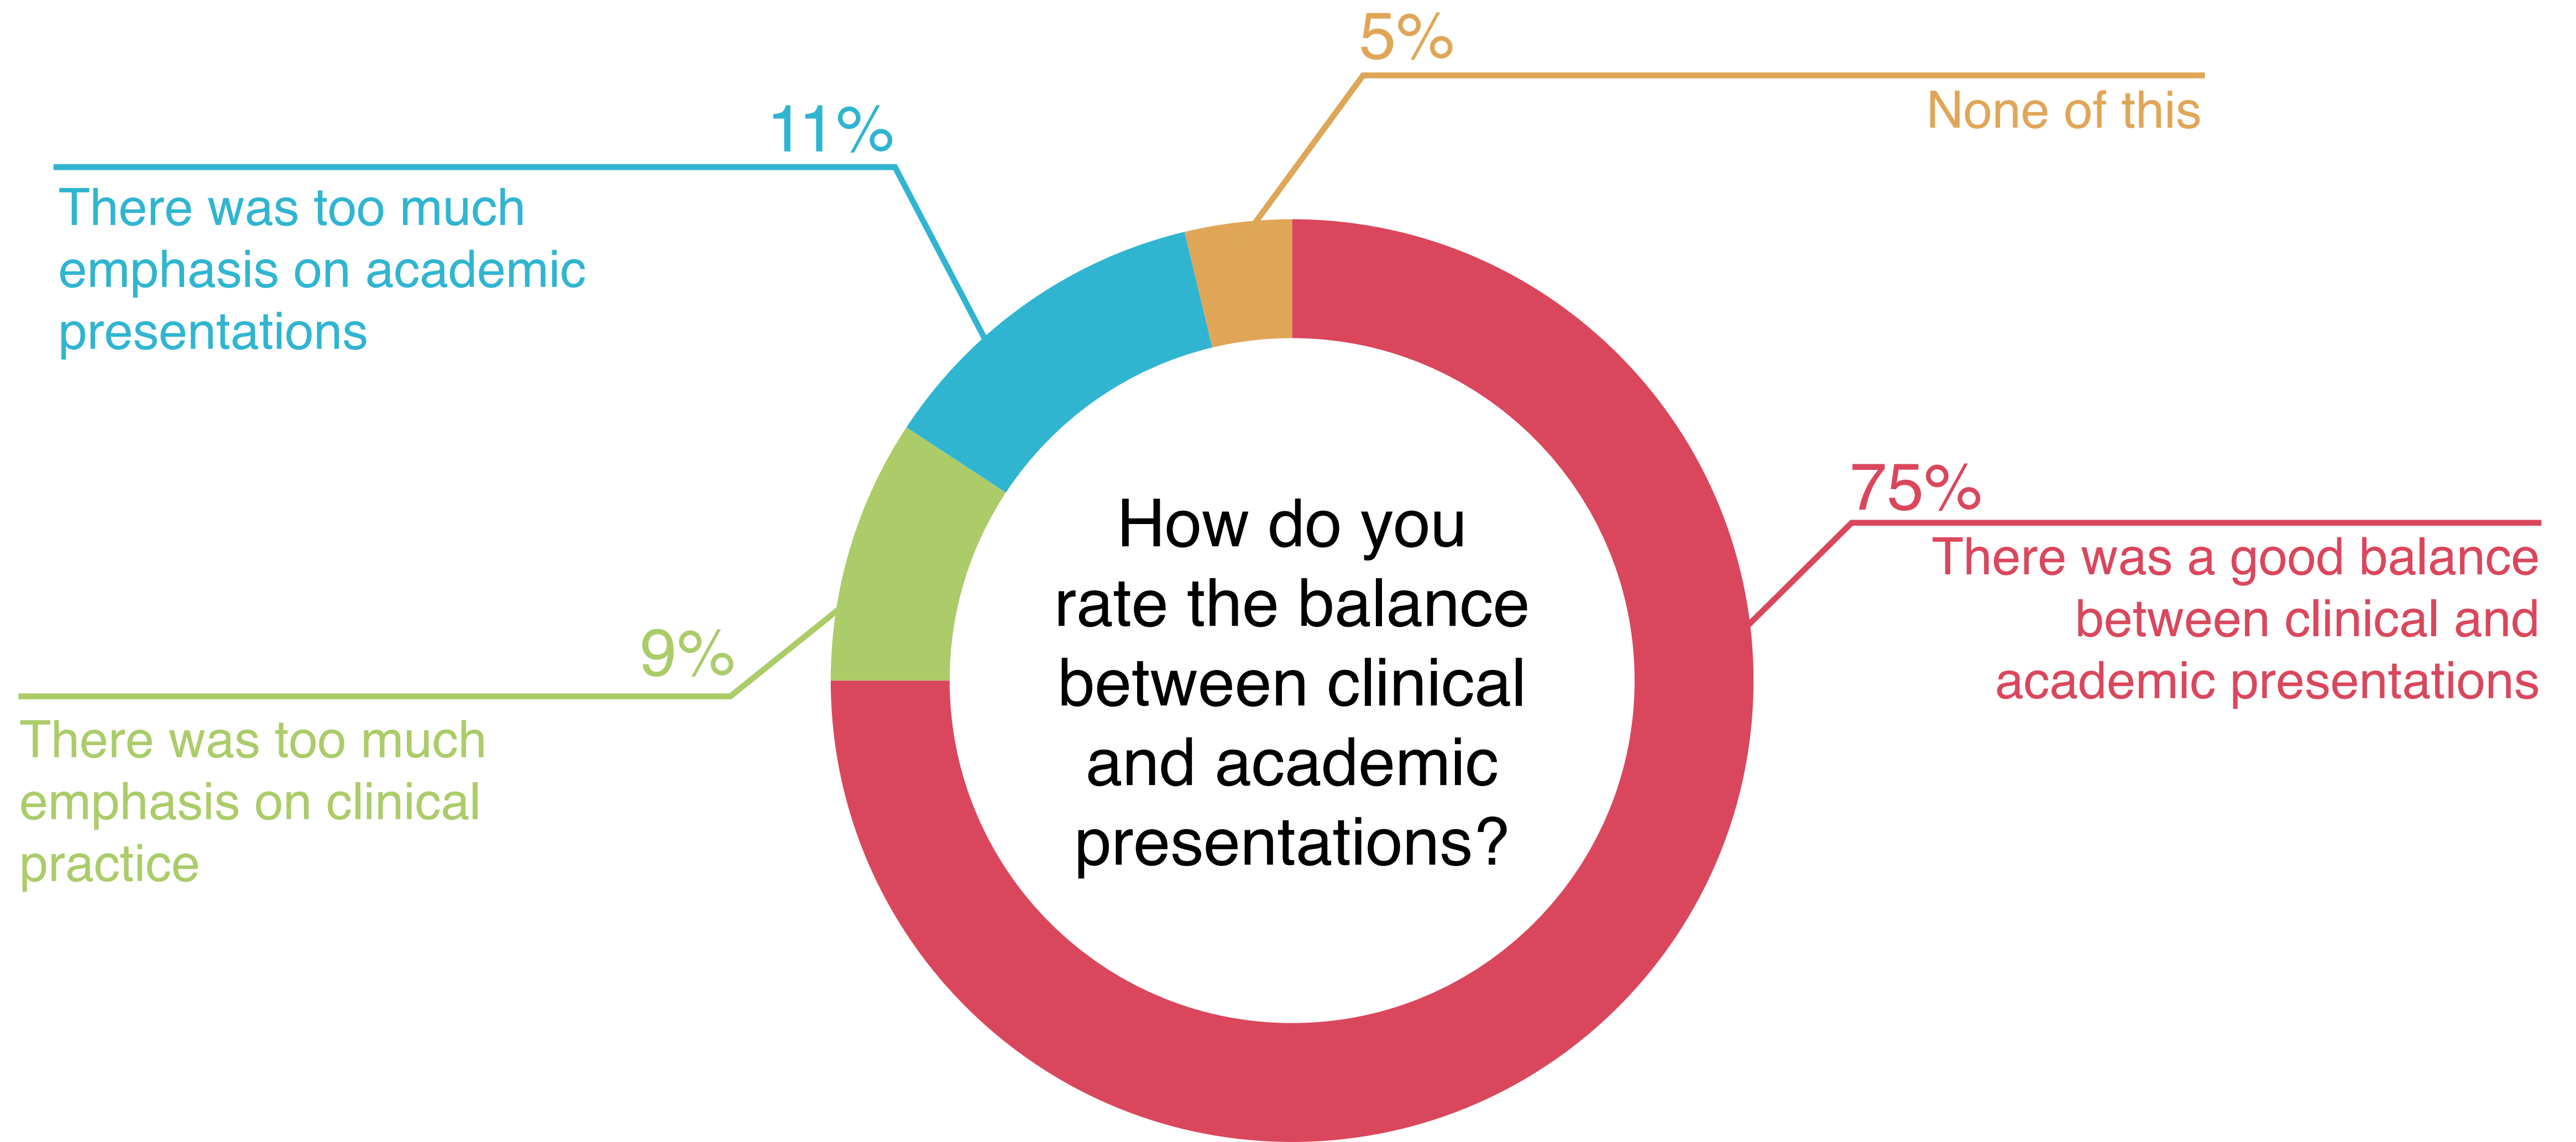

Any suggestions for improvement for future EUROSPINE meetings?

"More interactive forums and operative videos."

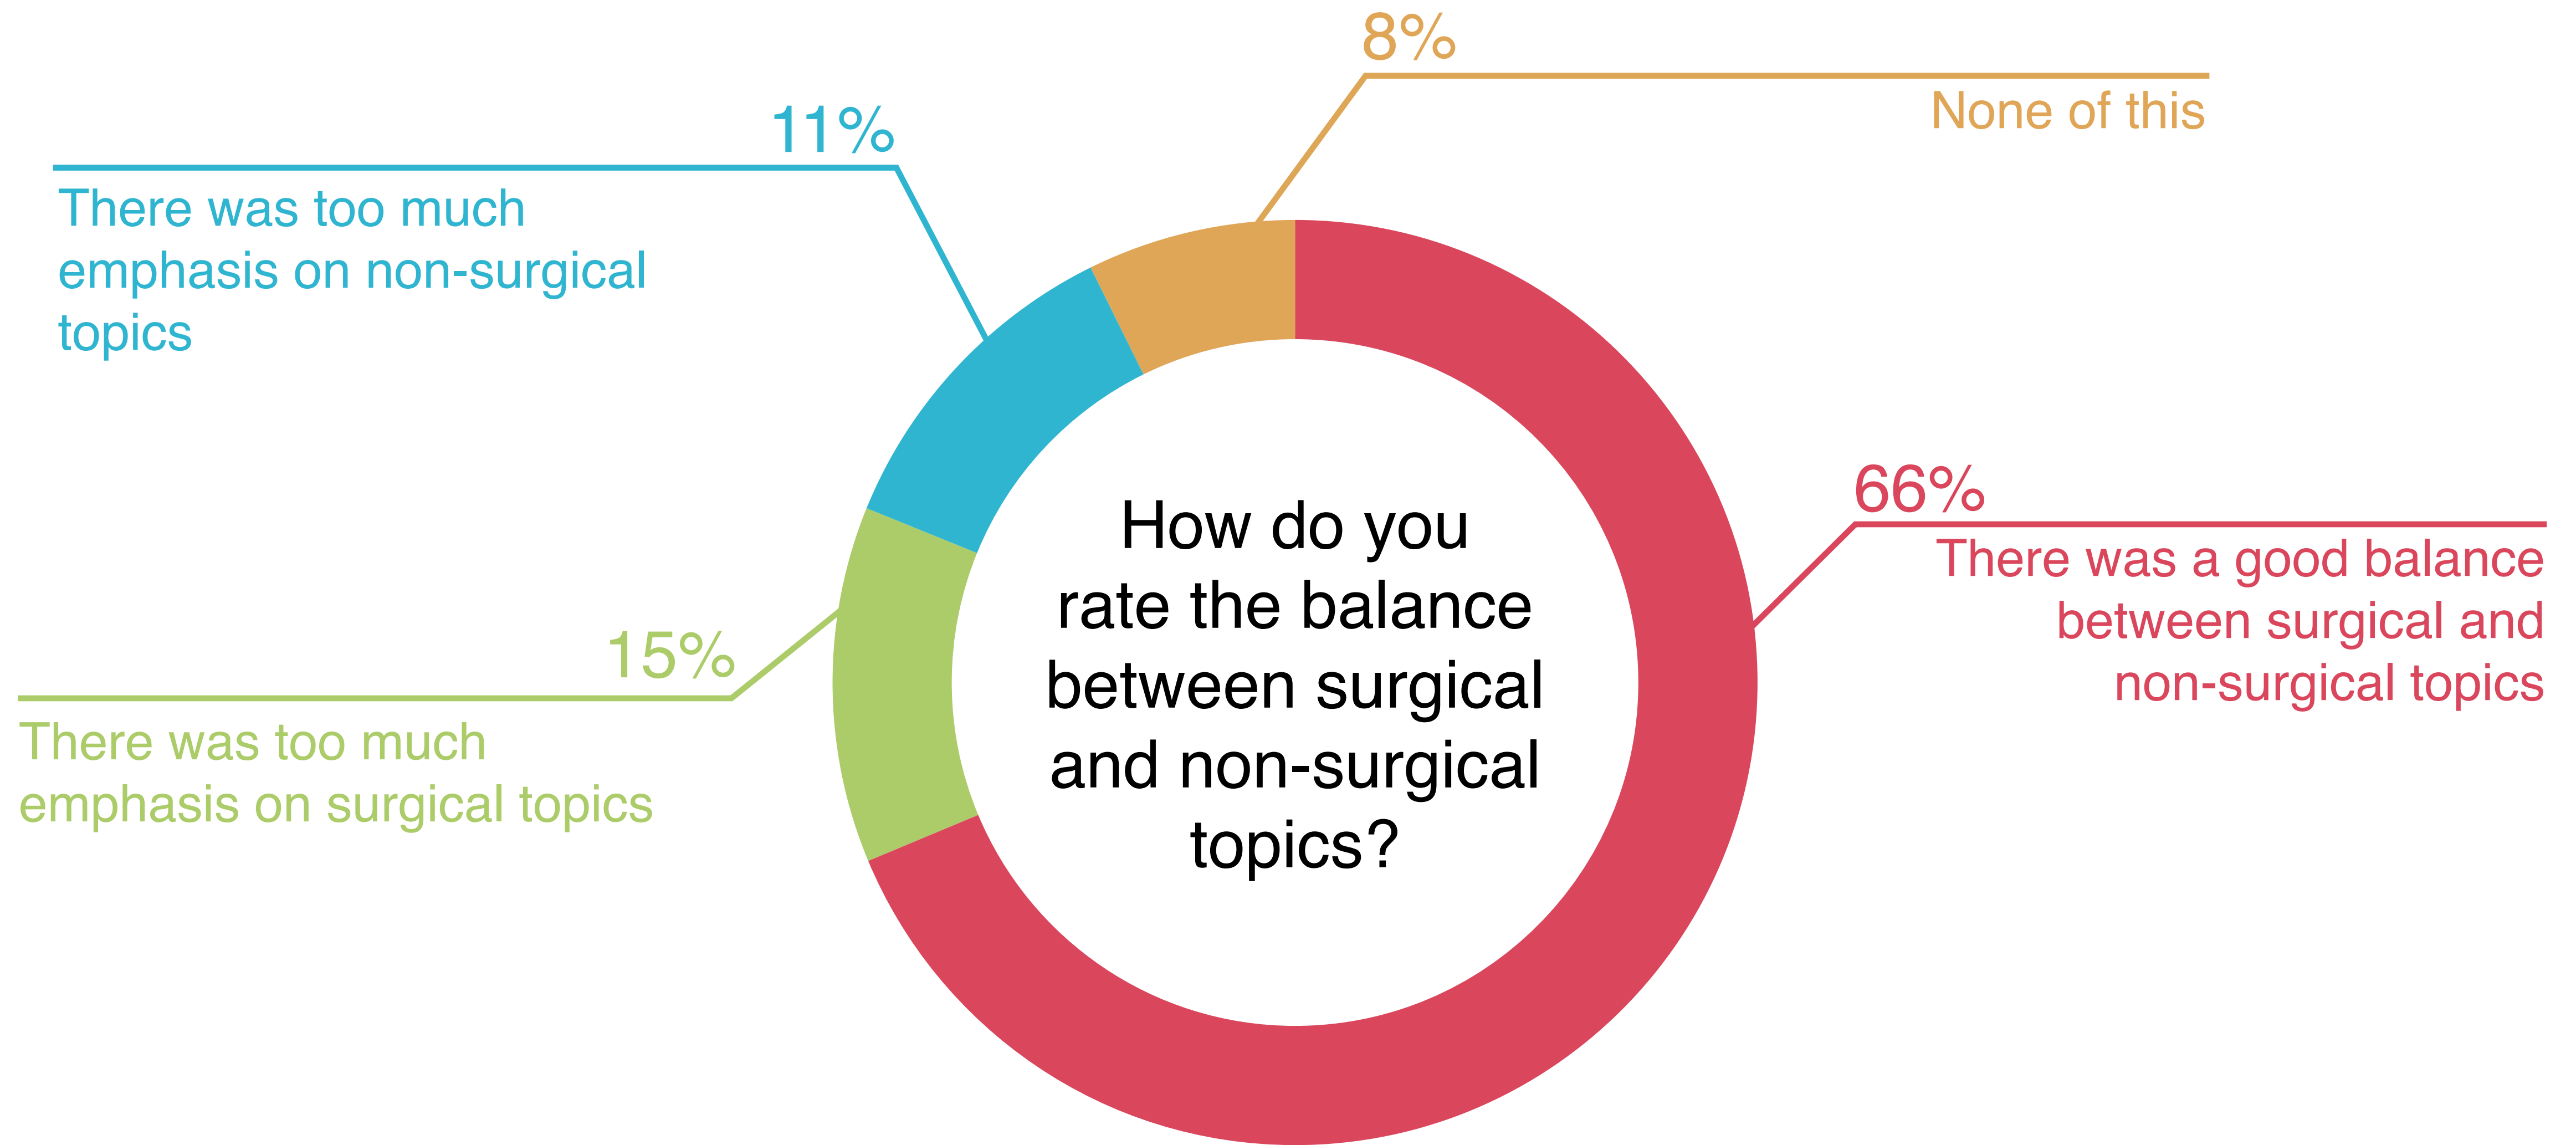

"Continue the current activities and include more on clinical outcomes & cost of treatment."

"Conduct some practical workshops with bone models and live surgeries of short procedures like discectomy and cage fixation, listhesis corrections."

"Training and research opportunities"
