“Interactive features”

“Q&A sessions”

**WHICH FEATURES DID YOU LIKE MOST
(E.G. SESSIONS, INTERACTIVE FEATURES,
VIRTUAL EXHIBITION, MEETING HUB,
ENGAGE, CONNECT & WIN, ETC.)?**

“Discussions”

“E-posters and keynotes”

“Scientific sessions”

“IT-problems: not able to connect, some browsers did not work, cut-off in middle of presentation”

“More time for discussions without abrupt termination in middle of a dialogue”

“Missing face-to-face meeting”

WHICH FEATURES WERE MISSING IN YOUR OPINION?

“Missing interaction between presenter and audience”

“Link for e-poster and quickfire was hard to find”

“The recordings should be available immediately after the presentation”

“Q&A’s: Inbox for the presenter to answer all questions either live or later via e-mail”

“Name and number of the slides should be available while presenting”

“Generate networking opportunities: maybe via chatroom”

WHICH SUGGESTIONS DO YOU HAVE FOR IMPROVING THE VIRTUAL PLATFORM?

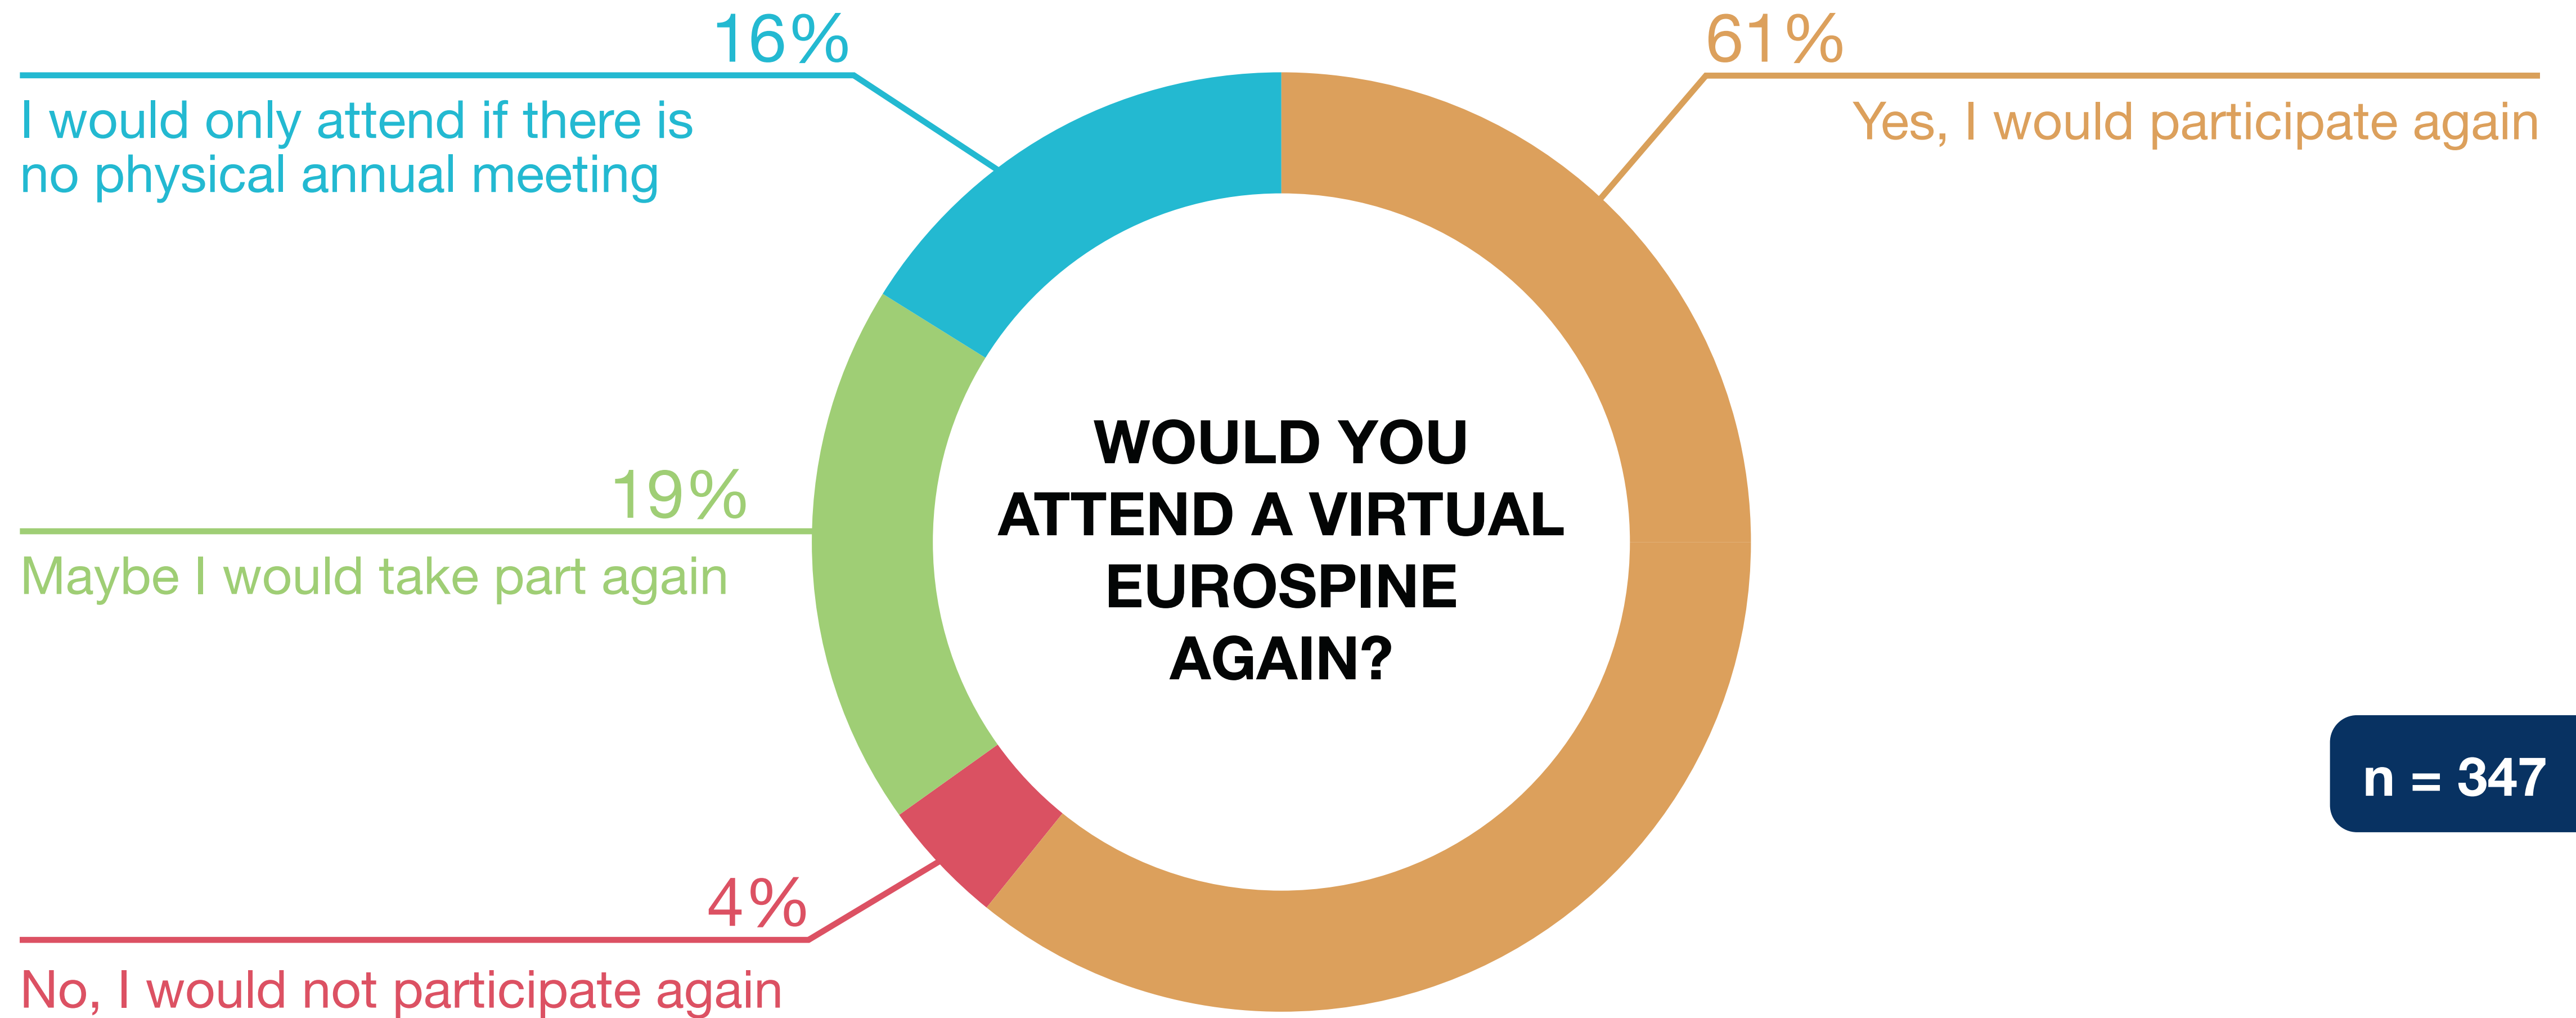

“Recorded sessions should be available straight away”

“Reduce time of the speaker, but allow more time for discussions”

“Resolve IT-difficulties: browser, connection problems, video quality, access via telephone or iPad”

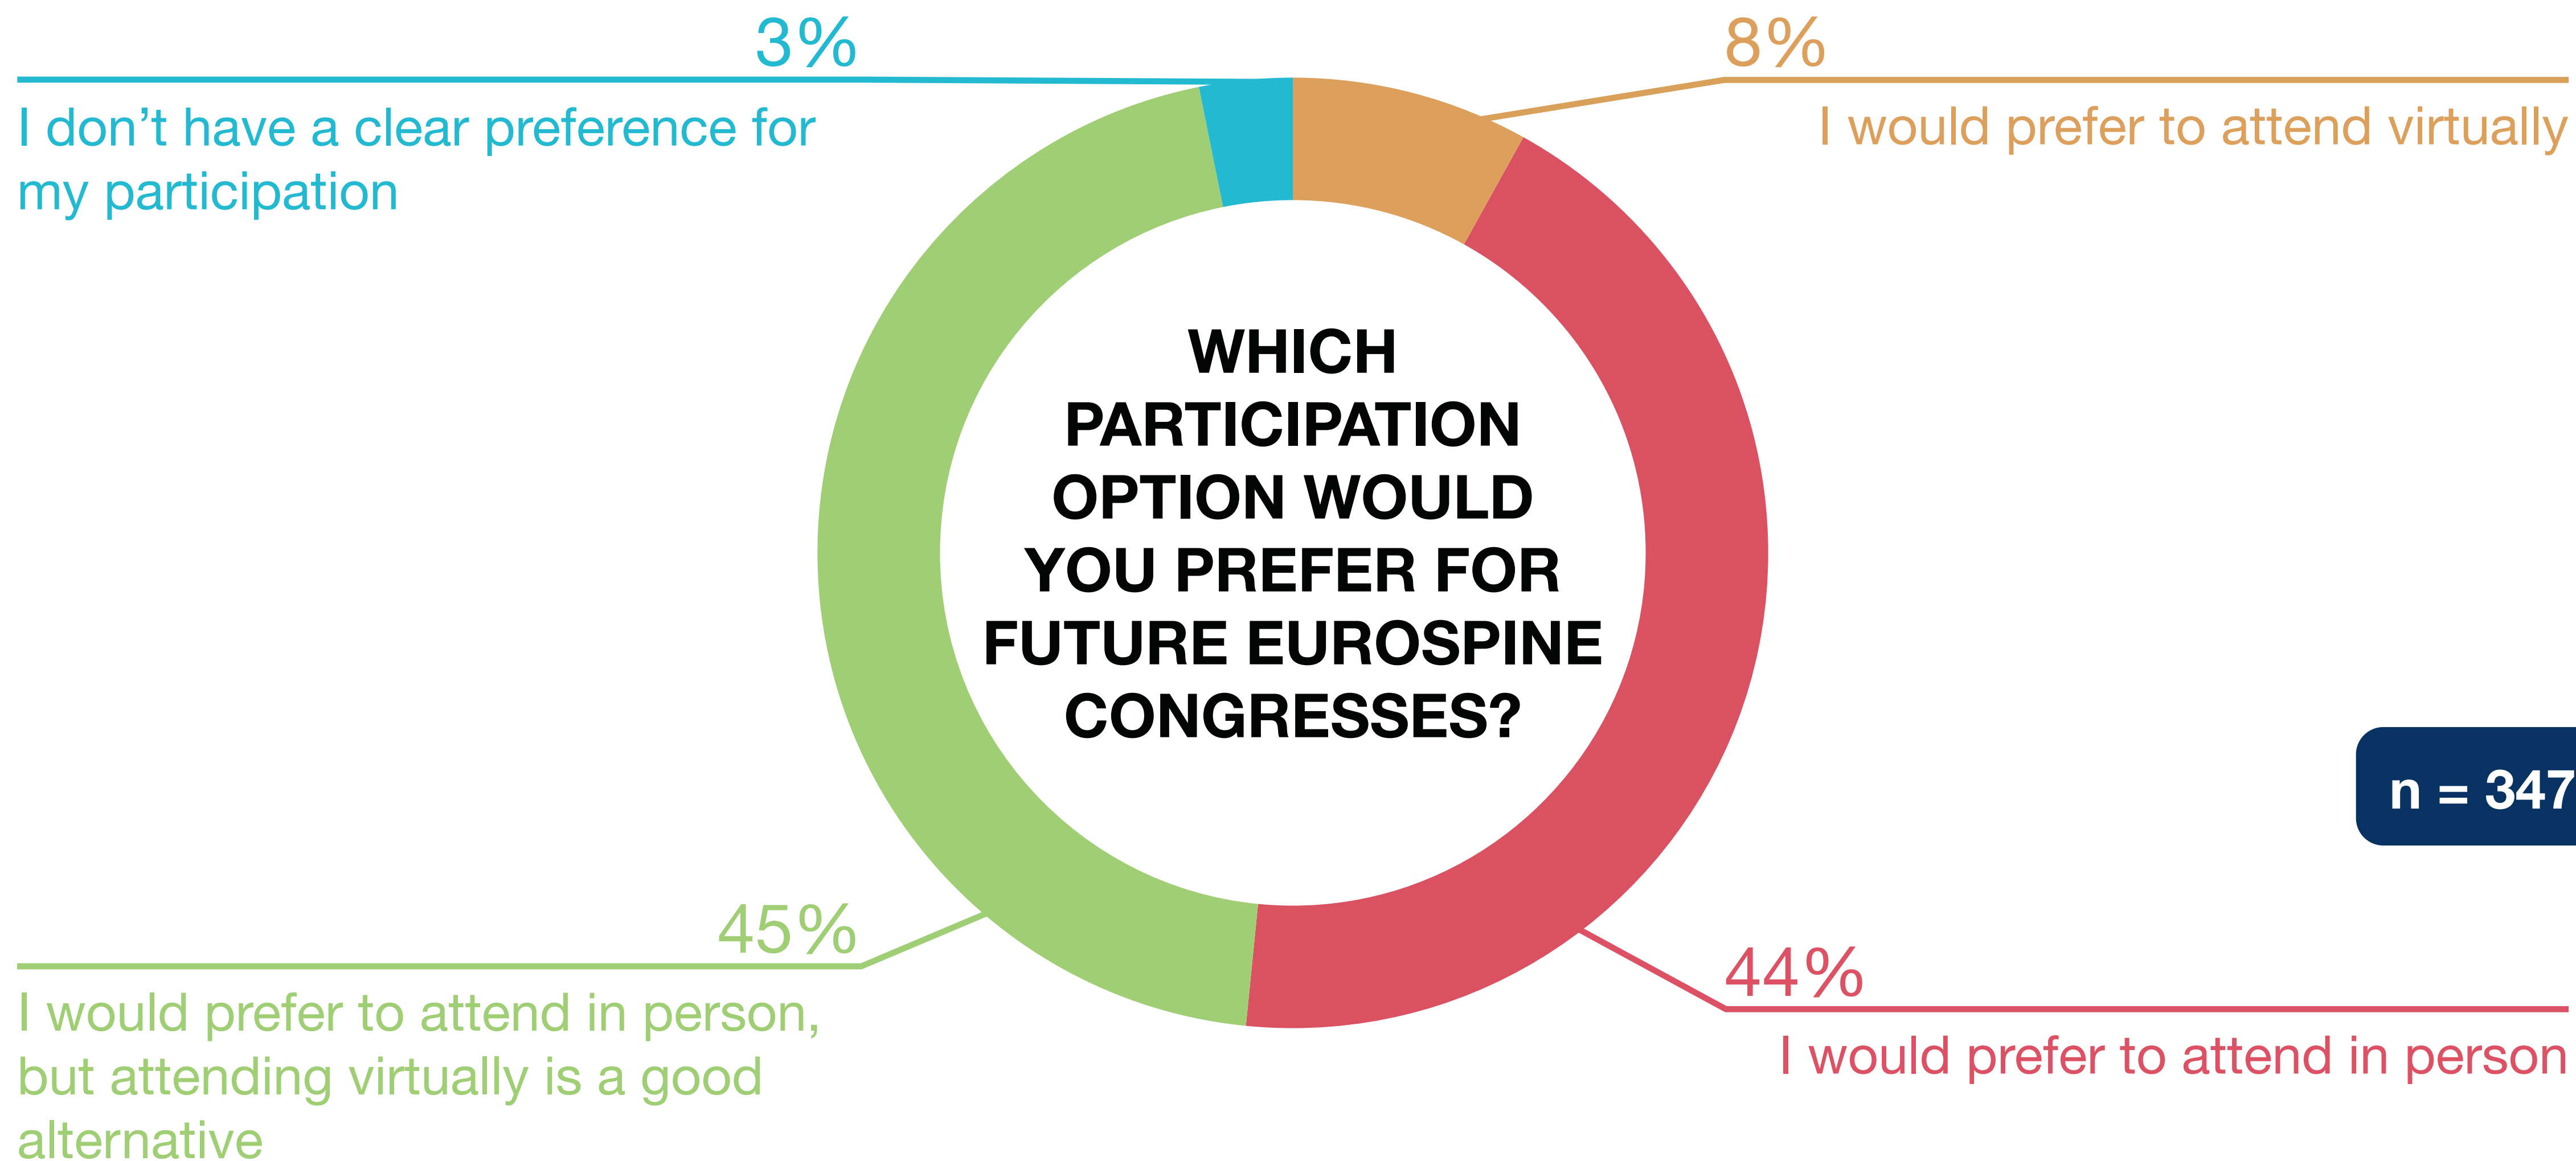

FURTHER DEVELOPMENT OF VIRTUAL OFFER

(Single choice question)

WHICH PARTICIPATION OPTION WOULD YOU PREFER FOR FUTURE EUROSPINE CONGRESSES?

(Single choice question)

“I like to meet people, but virtual is a lot easier and less expensive”

“Because there is no opportunity for a live congress at the moment I am grateful for this quite strong alternative”

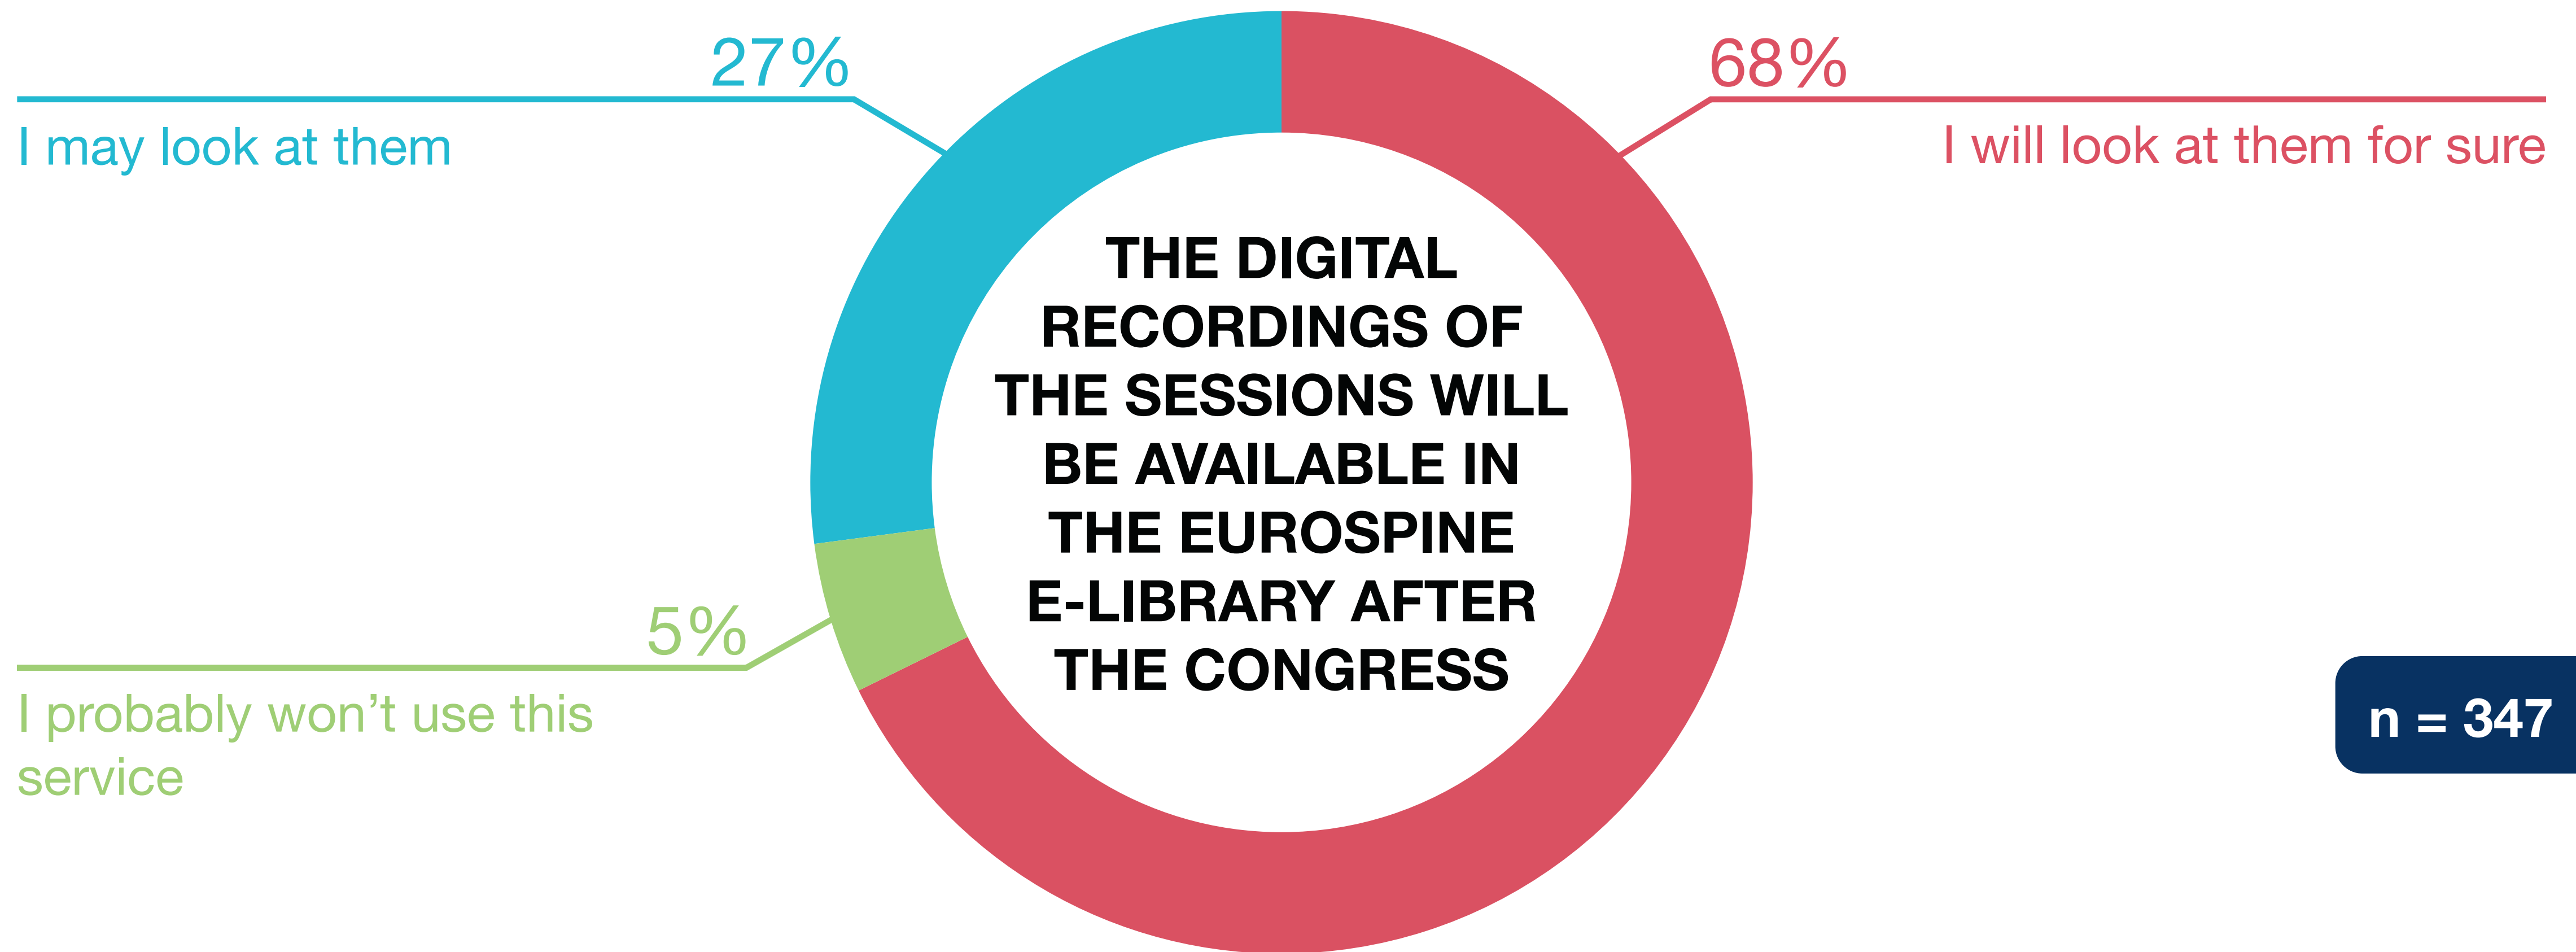

“Missing networking opportunities”

WHICH PARTICIPATION OPTION WOULD YOU PREFER FOR FUTURE EUROSPINE CONGRESSES?

“Face-to-face discussions are more informative”

“The costs for the online meeting is too high in comparison to the congress”

“Face-to-face meeting is preferred as a virtual meeting is no replacement for a personal contact and discussion – an option would be to have it both ways”

n = 347

(Single choice question)

“Because it is the way to do a second reading in depth”

“Repetition and fill in on missed information”

“Look up information for your own research purposes and education”

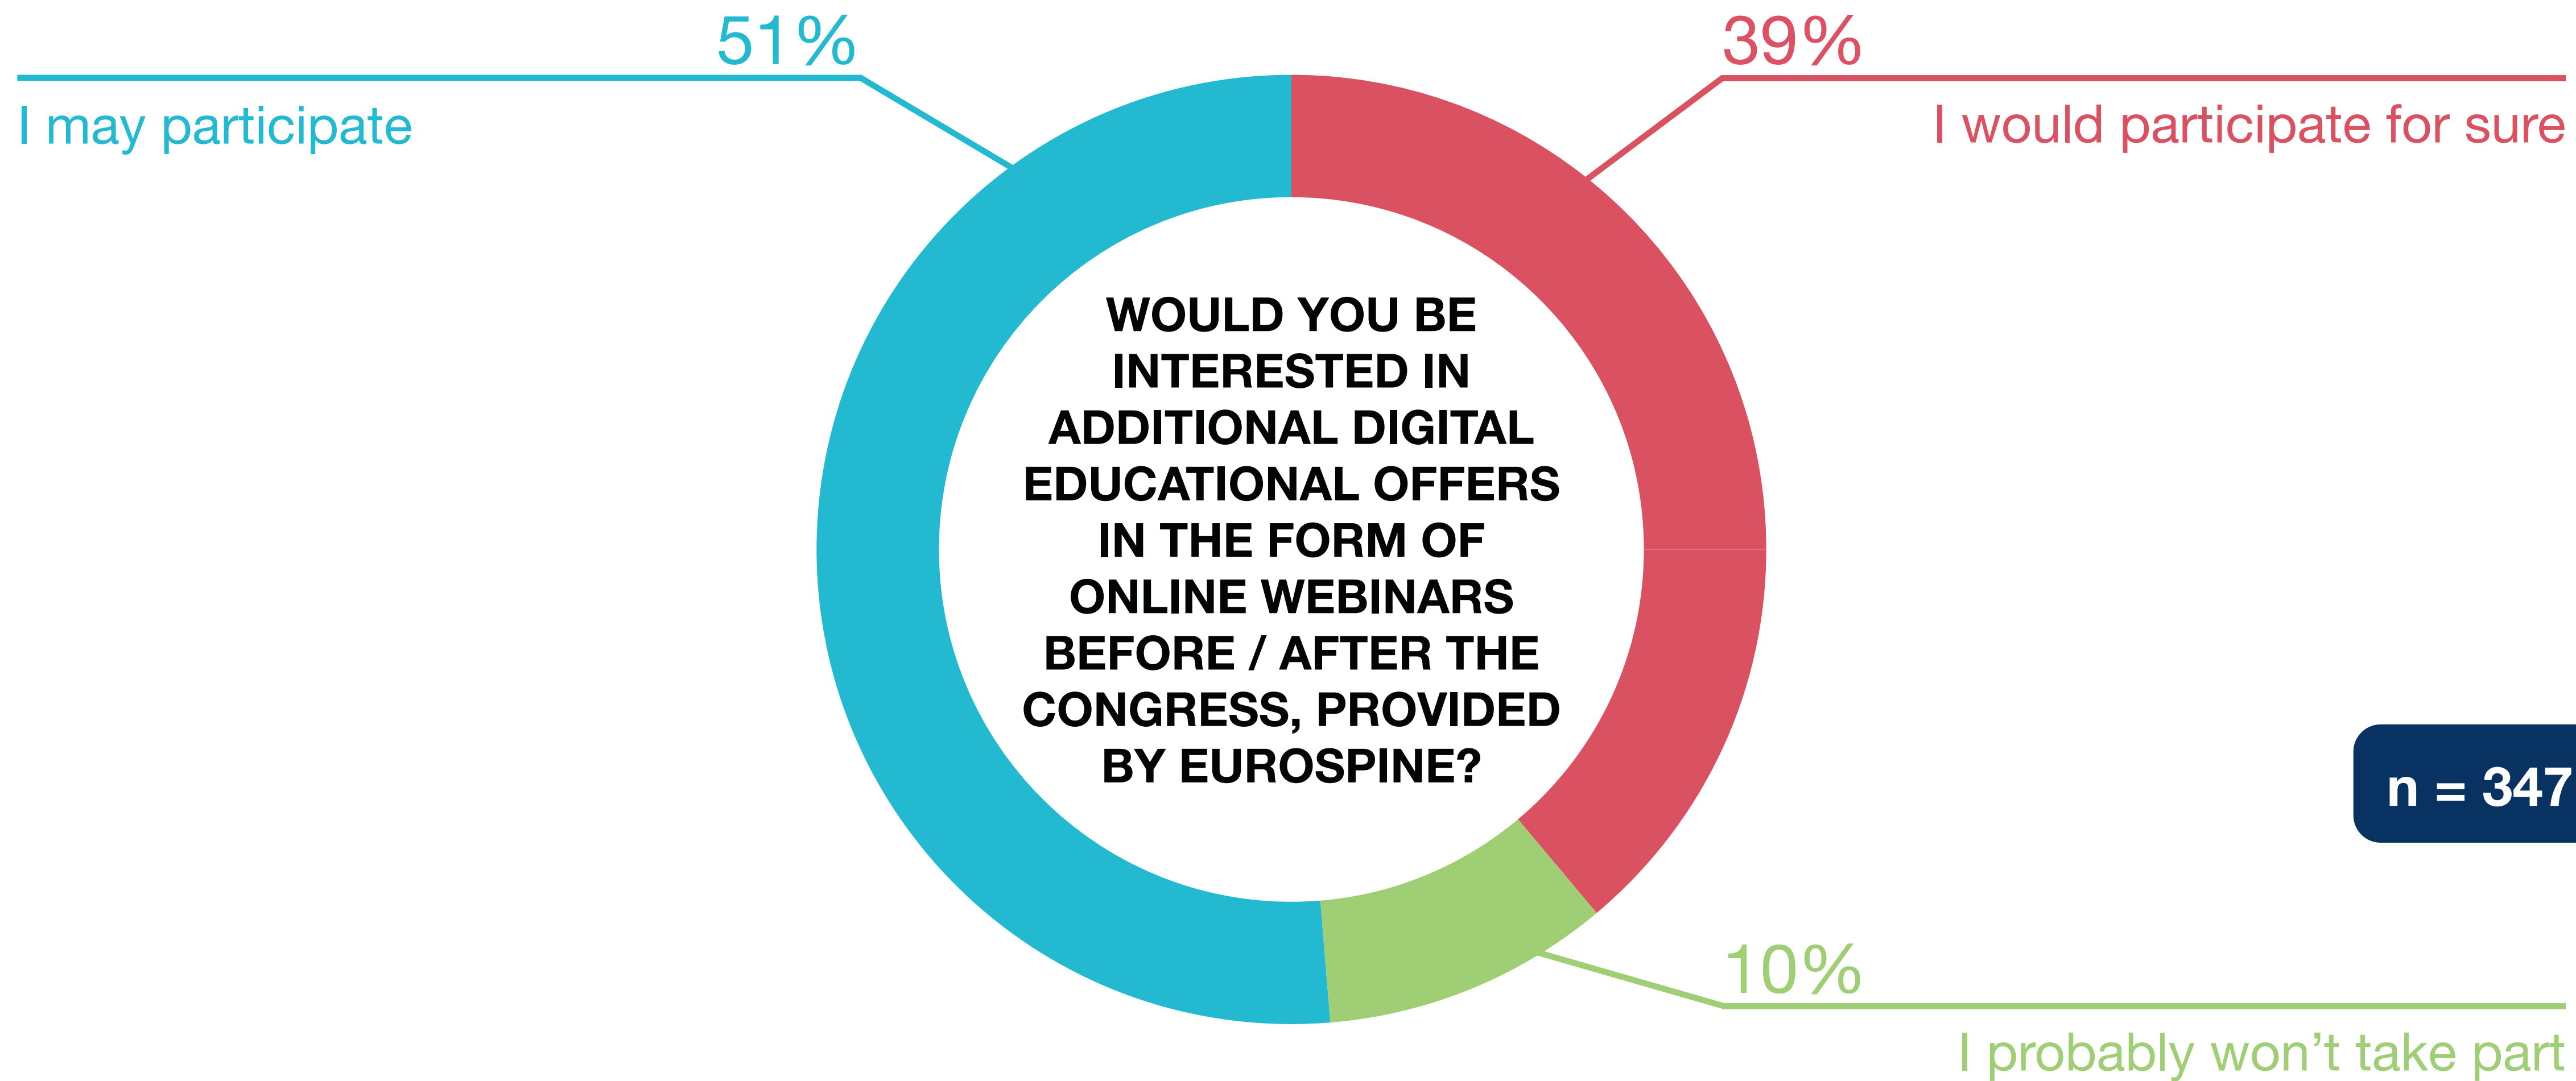

“Missed out on some interesting sessions”

THE DIGITAL RECORDINGS OF THE SESSIONS WILL BE AVAILABLE IN THE EUROSPINE E-LIBRARY AFTER THE CONGRESS

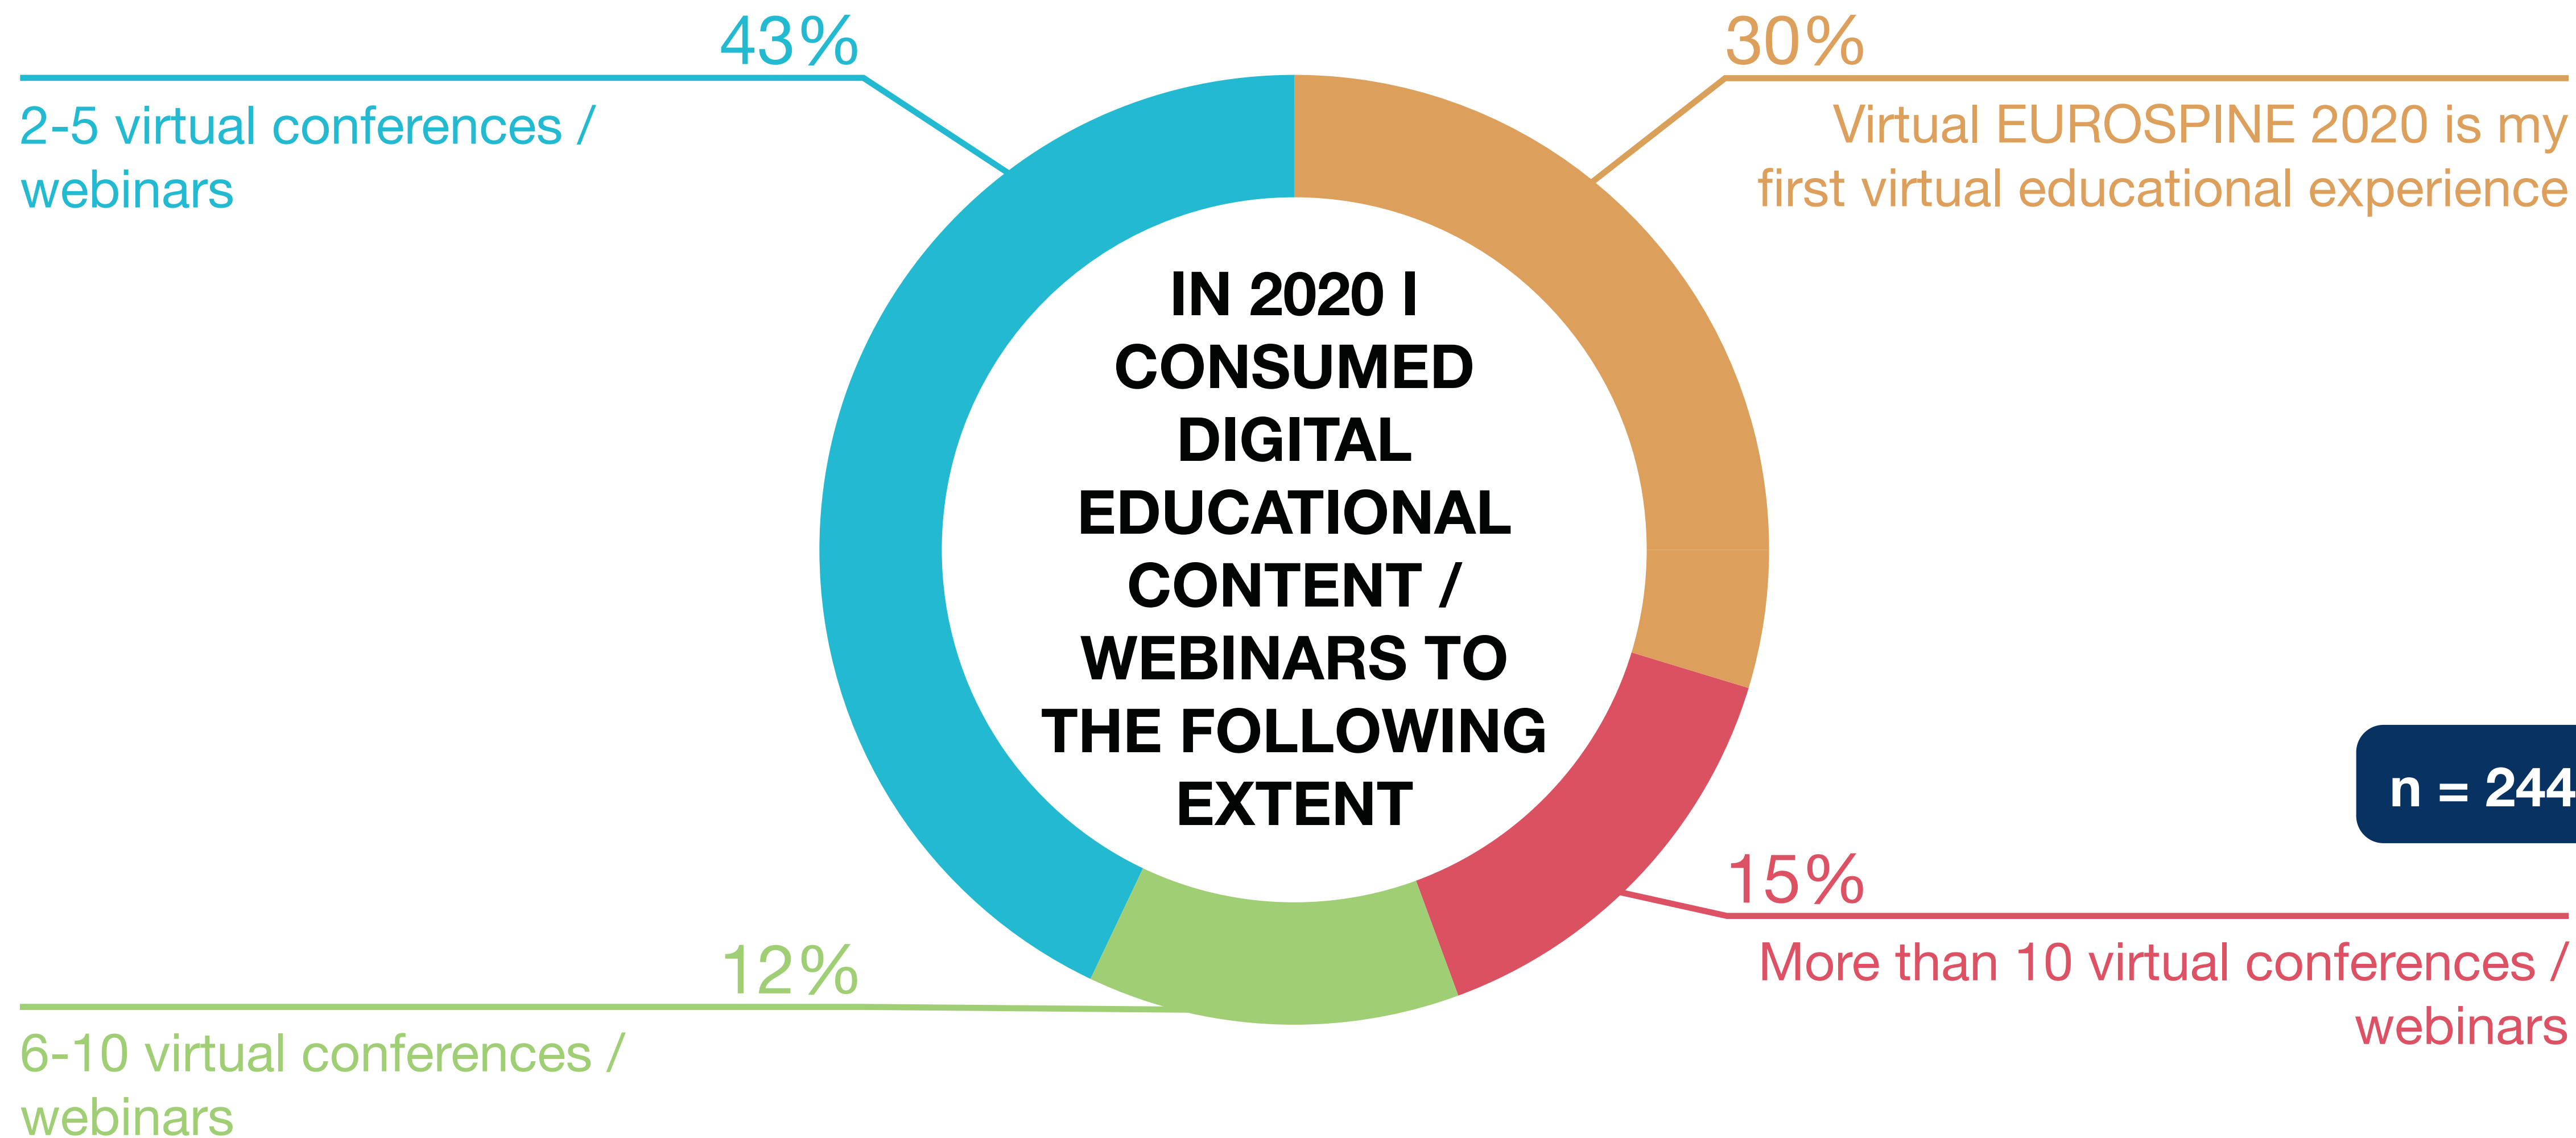

“Scientific archive”

“For a better understanding, research and educational purposes”

“I didn't have time to attend all sessions, so it is very useful to access them online”
