### Opening & Session 1
- Welcome by the President

#### Keynote:
- Covid-19 and spinal surgery
- Intradural spinal pathologies

### Session 4
- Minimal invasive spine surgery (MISS)
- Tumour
- Epidemiology
- Basic science

### Session 7
- Early onset scoliosis - Where are we today?
- Growing Spine
- New techniques

### Session 10
- Use of data for patient outcome
- Trauma
- Complications & patient safety
- Infection, Diagnostics & imaging

### Minimal invasive spine surgery (MISS)
- Intradural spinal pathologies
- Tumour
- Epidemiology
- Basic science

### Intradural spinal pathologies
- Tumour
- Epidemiology
- Basic science

### Tumour
- Epidemiology
- Basic science

### Epidemiology
- Basic science

### Basic science

### 11:00–11:20

### Session 2
- Craniocervical Junction (all pathologies)
- Degenerative (cervical)
- Diagnostics and imaging
- Complications & patient safety

### Session 5
- Degenerative (thoracolumbar)
- Diagnostics and imaging

### Session 8
- Degenerative (thoracolumbar)
- Diagnostics and imaging
- Complications
- Non-operative treatment

### Session 11
- Best of Show

### Debate 1:
- Osteoporotic fractures: technical aspects of surgical treatment

### Debate 2:
- Endoscopic Surgery

### Debate 3

### Invited and joint sessions with partner societies (tbc)

### Break

### Tuesday, 6 October

#### Option 1 CET
- 10:00–11:00
  - Opening & Session 1
  - Minimal invasive spine surgery (MISS)
  - Intradural spinal pathologies

#### Option 2 CET
- 16:30–17:30
  - Opening & Session 1
  - Minimal invasive spine surgery (MISS)
  - Intradural spinal pathologies

### Wednesday, 7 October

#### Option 1 CET
- 11:00–11:20
  - Session 2
  - Craniocervical Junction (all pathologies)
  - Degenerative (cervical)
  - Diagnostics and imaging
  - Complications & patient safety

#### Option 2 CET
- 17:30–17:50
  - Session 2
  - Craniocervical Junction (all pathologies)
  - Degenerative (cervical)
  - Diagnostics and imaging
  - Complications & patient safety

### Thursday, 8 October

#### Option 1 CET
- 12:20–12:40
  - Session 3
  - Debate 1:
    - Osteoporotic fractures: technical aspects of surgical treatment

#### Option 2 CET
- 18:50–19:10
  - Session 3
  - Debate 1:
    - Osteoporotic fractures: technical aspects of surgical treatment

### Friday, 9 October

#### Option 1 CET
- 12:40–13:40
  - Session 4
  - Keynote:
    - Covid-19 and spinal surgery
    - Intradural spinal pathologies

#### Option 2 CET
- 19:10–20:10
  - Session 4
  - Keynote:
    - Covid-19 and spinal surgery
    - Intradural spinal pathologies

#### Option 1 CET
- 13:40–14:00
  - Session 5
  - Keynote:
    - Covid-19 and spinal surgery
    - Intradural spinal pathologies

#### Option 2 CET
- 20:30–21:30
  - Session 5
  - Keynote:
    - Covid-19 and spinal surgery
    - Intradural spinal pathologies
